## PRODUCT FEATURES

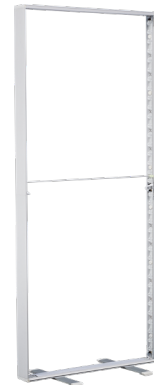

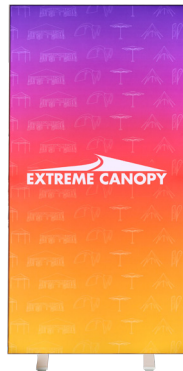

Custom Printed Light Boxes are a lightweight indoor display unit perfect for cooperate events, trade shows, shopping centers & libraries. The frame is not limited to containing the one design, meaning the fabric can be swapped out with other designs. This makes a single frame unit versatile enough to display alternate artwork across various events.

- Double Sided Printed Display
- Reinforced Corner Brackets
- Wheeled Protective Carry Bag
- LED Edge Lighting
- Centre Support Brace Bar
- Easy One-Person Set Up
- Full Color Printing
