ADDITIONAL INFORMATION

The Alpha is a lightweight, high-pressure inflatable shelter that can easily fit into the boot of the smallest car. The design is as elegant as it is striking.

Set-up is fast and easy. Simply roll it out and inflate. The roof can remain attached to the frame for even faster set-up. An optional inflatable awning can also be added to one or all sides. The legs have additional valves so that water can be added to provide ballast when used outdoors.
